Laboratory No: 8003

Dear Mr. Garrett:

SUBJECT: Laboratory Certification Extension

In accordance with Gov. Gretchen Whitmer and the Michigan Department of Health and Human Services' recommendations designed to help prevent the spread of Coronavirus Disease 2019 (COVID-19), we have postponed the planned inspection date of your laboratory. The state is taking proactive steps to mitigate the spread of COVID-19 in Michigan. We appreciate your understanding and cooperation in reducing the risk coronavirus to Michigan residents. For current and up-to-date information regarding the Coronavirus visit [Michigan.gov/Coronavirus](http://Michigan.gov/Coronavirus) or [CDC.gov/Coronavirus](http://CDC.gov/Coronavirus).

The expiration date for the certification issued to Garrett Laboratories, Inc. on August 1, 2021, has been extended to allow for the completion of the re-certification process. Our certification for the examination of drinking water is contingent on your continued compliance with state and federal regulations. Additionally, your certification is contingent on the submission of acceptable proficiency test sample results from a state-approved supplier on a running 12-month basis.

The expiration date for your laboratory has been changed to reflect the three-year certification period date of June 18, 2023. If you have questions regarding this information, please contact me by phone at 517-930-7040 or by email at [lundyg@michigan.gov](mailto:lundyg@michigan.gov).

Sincerely,

Gregg A. Lundy
